SALE REGISTRATION & PAYMENT

All buyer numbers will only be issued with a valid driver's license. Payment is expected on the day of sale unless prior arrangements have been made with sale management. Credit cards will be accepted and checks can be made to the Ohio Simmental Association. Internet purchases follow the same terms. Cattle will not be transferred until paid for in full.

HERD HEALTH

All cattle will have interstate health charts required for shipping into other sections of the United States. All bred females will have been pregnancy examined.

PURCHASER'S RISK

Each animal becomes the property of, and therefore the risk of the purchaser as soon as sold. It shall be the obligation of the seller to see that animals are fed and cared for (free of charge) until loaded for shipment or until the expiration of 24 hours after the sale, whichever occurs first.

GUARANTEE

All cattle sell fully guaranteed under the Suggested Terms and Conditions of the American Simmental Association. All animals sell clean or free on their genetic status with the ASA.

ANNOUNCEMENTS

Announcements made form the auction block by the owners or the auctioneer will take precedence over statements in the sale catalog. We reserve the right to withdraw any sale lots not meeting our specifications prior to sale time.

DIRECTIONS

From the North – Take I-71 South to 17th Avenue/Exit 111. Signs and parking attendants will direct guests to the proper parking areas.

From the South – Take I-71 North to 17th Avenue/Exit 111. Signs and parking attendants will direct guests to the proper parking areas.

From the West – Take I-70 East to I-71 North. Take I-71 North to 17th Avenue/Exit 111. Signs and parking attendants will direct guests to the proper parking areas.

From the East – Take I-70 West to I-71 North. Take I-71 North to 17th Avenue/Exit 111. Signs and parking attendants will direct guests to the proper parking areas.

SALE BUYERS PARKING

For Saturday only, special trailer parking for Ohio Beef Expo sale buyers will be available on the main part of the fairgrounds just east of the O'Neill Building where the sale cattle are located. To access the parking area, cattle trailers should enter the fairgrounds off of 11th Avenue at the OHIO gate. So avoid the hassle and long walk to get your trailer by parking on the grounds. This special trailer parking area is expected to fill up, so plan to arrive early. All other cattle trailers, including show and sale cattle exhibitor trailers and junior show trailers MUST park north of 17th Avenue after unloading.

BEEF EXPO

MARCH 14-17, 2024 / COLUMBUS, OHIO

Welcome to the 2024 Eastern Spring Simmental Sale at the Ohio Beef Expo! Thanks to the support of the Ohio Cattlemen's Association and the Ohio Simmental Association, this event is one of the most superb events for cattlemen to attend this spring. Both parties do an excellent job of marketing and advertising Simmental genetics to the state of Ohio and surrounding areas. Everyone involved in the expo should be proud of this event and what it brings to the beef industry.

Once again, the Simmental breeders from the state of Ohio and a few outside guest consignors have brought an outstanding set of Simmental cattle to this year's expo. It is really exciting to see the entries and the photos come in, and see what breeders are utilizing in their herds. One of the things to note is the excellent set of bred heifers and cows. We have been adding a few more each year, and they have definitely become a highlight of the sale. Of course, if you are looking for an open heifer for the summer show season or a bull to breed to, the breeders have provided many options to choose from.

Last year, the Ohio Simmental Association hosted Eastern Regional in Lima which was well attended from AJSA members from across the United States. John Ferguson, Ferguson Cattle Company, donated a heifer last year to benefit the hosting of that event, and you might recognize her on the cover as she went on to do quite well herself. We appreciate John Ferguson and his generosity, and congratulate Missing Rail Simmentals, West Point Cattle and the Wildermuth family on their success. It just shows the high quality bred here in the state of Ohio.

We know there are a lot of animals to take in and a lot to do at the expo. We invite you to walk through the sale aisles to check out the cattle, and utilize our website and CCI to see any videos before the sale. It will be an exciting time in Columbus and we hope that you will join us.

Selling the right to one IVF Cycle. Available after K713 calves on approximately 4/1/2024. TERMS OF IVF CYCLE: Buyer will receive a minimum of six with a cap of 10 transferable embryos and two 60-day pregnancies. On all embryos produced above 10, the buyer will have the opportunity to purchase remaining embryos at a prorated price determined by seller. If the buyer chooses not to purchase the embryos produced over 10 the seller will assume the freezing costs of remaining embryos. Buyer pays IVF charges, semen cost and all freezing and/or transfer fees. Semen used must be approved for use by Boviteq. OPU will take place at Remuda Veterinary Center in Wolcottville, IN. For more information, please contact Jaymes Maciejewski, 309-222-0850.

FSCI Ms Emotion K713 was not just a donation, she was an opportunity! We appreciate John Ferguson and the crew at Ferguson Cattle Company for selecting this high end female from the heart of their operation to benefit the junior program. This female was successfully campaigned by Bella Wildermuth over the past year and has been a favorite everywhere she steps off the trailer. Thanks to the Wildermuth family for their hard work and dedication that took us to the backdrop several times in 2023. Some highlights include Champion Simmental Female at the OJSA Memorial Day Classic, Division Two Third Overall Owned Purebred Simmental Female at the AJSA Eastern Regional, Reserve Champion Simmental Female at the Ohio State Fair Open Simmental Show, and Champion Division Four Female KILE Purebred Simmental Open and Junior Shows. While the past year has been a fun one to say the least these successes will fade in comparison to what this female will accomplish in production. K713 is good from the ground up with the power needed to make herd bulls but elegant in her design and clean enough fronted to produce show heifers that will get to the backdrop. Here is an opportunity to purchase an IVF cycle on a female with the potential to make an impact. Get in on the ground floor because this might be the only chance you get!

GENETIC OPPORTUNITY

2

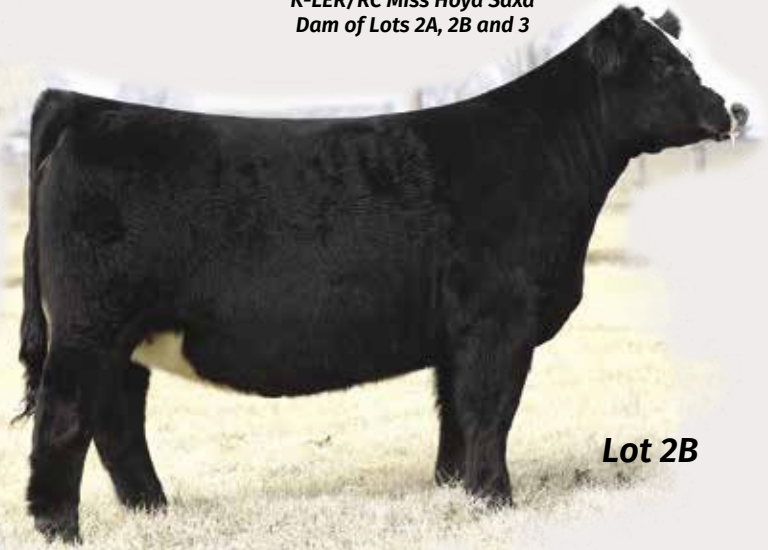

Thank You Ferguson Cattle Company for donating this female to support the Ohio Junior Simmental Association at the 2023 Ohio Beef Expo!

SO Remedy 7F is arguably one of the hottest bulls in the Simmental breed and JCCO Hoya Native 19L is just another example why. Remedy was the record setting Simmental bull that sold for \$530,000 in the 2021 Embryos on Snow in Oklahoma City. Remedy was then selected as the 2021 Cattlemen's Congress Grand Champion Simmental Bull that same year. Big time opportunity to combine two of the most influential individuals in the Simmental breed.

Lot 3: Selling 3 IVF RSF embryos guaranteeing 1 pregnancy. Selling choice from either mating.

K-LER/RC Miss Hoya Saxa has built a resume that is second to none and has become a dominate donor within the Simmental breed. Hoya Saxa was successfully shown herself claiming Reserve Champion Female at National Western Stock Show in 2012 and Reserve Champion Purebred Female at Simmental Junior Nationals in 2012. Her progeny has had great success including Champion Bred and Owned Purebred Female at 2016 Simmental Junior Nationals, Champion Purebred Female at the 2018 North Central Simmental Regionals, and the Triple Crown Winning Female in 2021 along with many others. The leading progeny historically yielded \$86,000, \$40,000, \$33,000, \$30,000, and \$25,000 with several outstanding prospects in her lifetime thus far. The lot 3A embryos being offered are sired by the \$530,000 for 1/2 interest SO Remedy 7F who is rapidly making his mark on the breed. This will result in full sib embryos to Udell's infamous KDP Miss Hoya Hayleigh. The lot 3B embryos are sired by the Grand Champion Purebred Simmental Bull at the 2013 North American, LLSF Pays To Believe ZU194 who has left his mark! These embryos would be full sibs to several females that have been campaigned across the Midwest and are now working for their respective owners. Here is your chance to get in on PROVEN Simmental genetics.

This mating has proven itself time and time again with three siblings averaging nearly 20K each. This heifer is a full sib to the senior yearling campaigned by Emma Woodard in 2022 and 2023 gathering numerous banners at the national and regional levels. We feel that this heifer like her siblings has tremendous upside potential in the show ring but more importantly as a cow. With her added size, length and extension we feel that she has the foundational pieces to mate well to many of the popular purebred sire options today. Bid with confidence on this sale highlight, the guess work is done here!

We are excited to offer this pair of flushmates out of our lead donor Pearl 37E. Pearl would be one of the better full sisters to the legendary "Boots" female. These females are maternal siblings to the Supreme Champion Breeding Female at the 2023 Nebraska State Fair, Reserve Champion Bred and Owned Female at the 2023 AJSA National Classic, and many other sale features. Each unique in their own right, but both ready to make a name for themselves in the ring and as cornerstone females. Pearl 4L is the stout featured and bold ribbed female while Pearl 10L is the extended fronted and more refined female.

Our Sazerac Daughters are some of our favorite and most consistent matings on the farm. This embryo calf is no exception. She is super sound and can get out and move on both ends. Pair that with a massive square hip, wide top, soft belly and moderate frame you cannot go wrong. Both in person and on paper she comes with a lot of wow factors. She will be competitive and successful now but it is in the future where she will truly shine. She will follow in her dam and sisters footsteps and will be a tremendous asset to any breeding program. There is a ton of longevity and maternal benefit bred into this young female.

It is females like this we strive to breed and produce day in and day out. This gal has a lot to offer and puts so much together. She comes with a ton of rib shape, depth of body, good on her feet and is smooth shouldered. She is incredibly docile and easy to work with. More than that she is sired by 24 Karat one of the hottest Angus bulls out there. With the proven production and unbelievable track record on both sides of her pedigree she is one that can follow in her dam's footsteps and become a really good show heifer and future donor. She is going to produce incredible progeny and will be an asset to any breeding program.

This heifer is out of a Fedderke bred dam that is sired by Profit and goes back to the Sazerac 01 cow. We bought 38J at the PA Fall Sale and L01 was the resulting calf by the popular bull Uno Mas. Maizy is an easy going and exceptionally sound heifer that has tons of genuine power. Her granddam calved an Uno Mas daughter in 2019 that won many banners and was 9th Overall Purebred Female at Junior Nationals in 2020 and Grand Champion Purebred Simmental Heifer at the 2020 Ohio Simmental Show for Collin Fedederke. Maizy was Champion Simmental Heifer Calf at Carroll County Fair in 2023. Her dam was shown one time as a cow-calf pair at Carroll County Fair and was named Champion Breeding Heifer in the Open and 4-H divisions as well Champion Simmental Overall in the Open and 4-H divisions. Our daughter showed L01 in showmanship winning Champion Senior Showman and Champion Beef Showman of Showman with her. Kid broke and ready to continue her show career or take her place in your herd.

We are back with another daughter out of our WHF 237F from Wayward Hill Farm and L103 is our favorite consignment to date. She is a January purebred sired by Double Up and has all kinds of cow power. Huge bodied and stout but still feminine and good looking. We love the way this one travels and how flexible and balanced she stays on the move. Kalli Atterholt bought a Quantum Leap daughter out of 237F in 2021 and she raised the Reserve Champion Bred and Owned Simmental Heifer at the Ohio State Fair this summer with her first calf. Great cow family behind this one!

This beautiful baldy heifer is all Sparkles. She has a personality like no other animal I have had and she is fun to have around. Having a pedigree like hers makes her a valuable breeding piece for any program. Our best replacements this year are out of the cows that go back to the Sazerac cow family. I picked this one out at weaning because she was the best and that is what needs to be on display at expo. Come to Columbus you will not be disappointed.

Nothing is hotter in the breed right now than SAM and cattle like Miss Mary are the reason for it! This stout black female has rib shape, dimension and plenty of bone to go around. Top that off with a pedigree stacked with greats like Bankroll and Broker, giving this heifer tremendous options on matings when you get her home. Breed her Angus for a 1/2 blood, clubby for a steer or even stay the purebred route. You take your pick with this lovely Lady, her future is Bright!

Simmental cattle with this much power and muscle are hard to find in a purebred package. This heifer will get you excited even more when you step behind her and see the width and dimension she carries. Even more impressive is that she is as sound as a house cat. Bid with confidence.

This yearling SAM heifer is a hard one to let go of because we feel she is the complete Simmental package. Her dam Daisy produces one of the top calves in our herd every year. She is a great mother with tremendous maternal traits. So when deciding who to pair with SAM she was at the top of the list. We believe she has donor cow potential.

Patience as we have come to call her has been a favorite from day one. She was our first Bet On Red calf and she did not disappoint. Her dam is a Fully Loaded daughter we purchased from the expo a few years ago. She continues to produce top end calves each year. Patience has been class winner many times this summer and fall while competing in crossbred or Simmental classes. She is very correct, powerful and still feminine. She has a very bright future ahead.

This Hammer Time heifer out of a Forever Lady 5001 daughter is really impressive to me. I love the way she balances on the profile and when you get in behind her she really shows you enough true shape and dimension that you can appreciate in this 3/4 Simmental. She gets out on the move effortlessly and hits her stride with grace. I get excited thinking about the purebred calves this one could have and all the possible matings you could throw her direction. I'm not going to say too much about this one, I think the picture explains her just fine!

Here is a very nice chromed up heifer that just gets better as time goes on. We have sold numerous full sisters to this heifer that have gone on to make front pasture cows. Darla is a fancy big bellied girl with lots of potential. Be confident that this girl will make a great cow for any operation.

Red Simmental enthusiasts here is an opportunity for you. This duo of summer-born red heads will be among the earliest offered progeny of the \$85,000 SWC Red Wave 376J. To this point his semen has stayed off the open market and is merchandised by auction only. The daughters have come with a functional build, great presence on the profile and added extension as will be evidenced by these females in March. Look at the maternal component of their pedigrees and you may elect to double down on the pair. The blaze faced option, S04L is backed by "Profit" directly on the impactful WHF/PRS/HPF Alley 247Y who continues to garner many fans across North America. The S16L heifer descends from the potent JBSF Proud Mary cow family that has solidified her status as one of the great breeding females of this century. Take your pick or double down and own both. Not many will have the chance to own one of the initial crop of "Red Wave" daughters.

This Jass On The Mark heifer is a super stylish girl with plenty of eye appeal. Her dam is a SAM daughter out of Silveras Style cow who was the high selling bred heifer at Ohio Beef Expo in 2023. She is following in her mother's footsteps with her extreme neck extension, eye appealing profile, extreme soundness and exceptional nature. Despite being an end of April calf she just continues to get better every single day.

Big hair, big bodied and some chrome are just a few of the things to love about this Style sired 1/2 blood. This elegant fronted female is out of one of our favorite donors that we have had the privilege to own and raise, Hall Black Star F802. F802 was a regular at the backdrop herself with some of her most notable winnings being the Supreme Breeding Female at the West Virginia State Fair and 5th Overall Bred and Owned Female at the National Classic. Unsurprisingly, the progeny she has produced have been no different, but we think L309 may be her most special one yet! Please note that she is also a full sister to Hall MC Black Label L308 that sells as lot 97 in the bull division and a maternal sister to Hall MC Black Star K206 that sells as lot 62 in the cow-calf division.

Selling 3 IVF RSF embryos guaranteeing 1 pregnancy.

The initial offering of JSUL Extra Glamourous 2308K. The future is bright and this lady in red is going to make an impact! A flight to Texas in the fall of 2022 resulted in this stunning female finding her way to southern Ohio and what a time we've had since! Hailey Cornett campaigned "Glamour" throughout the winter circuit and into the summer, garnering much success and numerous stops at the backdrop along the way, culminating in her title as the 2022-2023 BEST Program Grand Champion % Simmental Female. She was often described using terms such as "enamoring" and "captivating" and we hope those same descriptors can be used as she steps into production. This cow family has found success in multiple facets of our industry and we look for her to do the same. This mating to the \$90,000 sensation, W/C Red Bird 269J should create high end red hided females that net big returns! Embryos will be available on sale day.

AI'd on 12/1/23 to THSF Loverboy B33 (ASA#2983443).
 This baldy halter broke heifer has seen the tanbark several times pulling a second in class at the Ohio State Fair. K10G is a deep bodied, good fronted and soggy female that we bred to THSF Lover Boy for what we think should be a very nice early September 2024 calf. She has a stacked pedigree both top and bottom, her dam is out the Expectation cow we bought from Sloup's years ago. This cow family has given us several great keeper females over the years. We pulled Nikki out of the top end of this year's keeper pen to bring you some of our best genetics to help ensure your success!

AI'd on 2/12/24 to WHF/JS/CCS Double Up G365 (ASA#3658592).
 Loads of cow power with plenty of natural width and dimension all while maintaining great skeletal structure. Proven genetics here being out of County O and our maternal sister to TNGL A Gemstone. As an added bonus, she has a great disposition having been shown multiple times by a 2nd year showman. Don't hesitate with this one!

AI'd on 12/11/23 to TJSC King Of Diamonds (ASA# 3326935). Then PE from 1/26/24 - 2/4/24, observed breeding on 1/31/24, to WVH Kong (ASA#4058598).
 Here is really attractive long bodied bred heifer. She's got plenty of body to give that attractive profile shot. She moves with ease and packs an extra punch of bone. She gets her chrome and mass from the popular Fully Loaded 39D bull. Sure to put a splash of chrome and added style to her calf. Shown successfully at AJSA Regionals in Lima, she is friendly and well broke.

 This fall bred heifer has been a standout since birth. We think she is going to be a special one! K68 is a deep bodied, nice fronted female with a great maternal line. Her dam is out of one of Swain Simmental's popular donors. If you are in to EPDs then check this one out. K68 has both the look and the numbers to back up her pedigree. She is bred to WHF/JS/CCS Double Up G365 for a mid September calf that is sure to be a good one!

This black Backdraft son has a lot of good things to offer coming to the big city of Columbus. Being an aged bull he is ready for a bunch of girlfriends to come his way. This bull is sound at the ground, big topped and stout made to list just a few of his attributes. Probably the thing I like the most about this bull is how strong he is in his heart and how he ties into his shoulder so nicely. Don't mind his ugly nose he ripped out his ring as a yearling but it has never slowed him down a bit and he is as easy going as they come. I thought about renaming him Rip for reasons other than a popular TV series about ranching but we stuck with King Arthur instead.

In 2021 we purchased the high selling bred heifer in the Bulls and Belles of the Bluegrass sale from Swain Select Simmental. We thought she was one we could build a program around and she has matured into an absolute BEAST of a cow. After her first calf, we kept her open to flush and then bred her to KCC1 Exclusive. L102 is a stout featured and big footed stud just like his mom. Come study this one on sale day. As powerfully constructed as you could want one with the skeletal quality and soundness that are hard to make in a purebred. He is ready to go to work.

Retaining 1/3 revenue sharing semen interest.

Resilient has the balanced genotype the industry needs to advance, combined with the phenotype we strive to produce! He is sired by the proven EPD leader and \$100,000 high seller from Denver, CLRS Guardian 317G who now calls Griswold Cattle home. 304L is the first calf out of a Broker daughter that has already entered the donor pen after being named Champion Purebred Simmental Cow-Calf Pair at the Ohio State Fair and the Keystone International Livestock Exposition in 2023 with 304L at side. The maternal side of his pedigree is backed by the cornerstone of our program, STF Brianna BN53, a direct daughter of the infamous STF Onyx 451W. This herd sire prospect not only has the look and style but is also in the top 35% of the Simmental population for several economically relevant traits including WW, YW, MWW, STAY, CW, MARB, REA, API and TI. 304L had an actual BW of 81 lbs, unassisted out of a first calf heifer. He will work on either cows or heifers with management. Tested homo black and homo polled, genomic enhanced EPDs pending.

The Holy Grail 234L is certainly the bull you have been searching for! We are excited to offer such a breeding sensation in the 2024 Ohio Beef Expo sale. Sired by WHF Point Proven, whoin his first calf crop has featured high sellers and genomic leaders for Trennepohl Farms and Wayward Hill Farm. 234L excels in genetic merit along with superior phenotype. Semen on this calf's sire is very sought after and demands north of \$175 per unit when available at auction. We have strived to add some of the breeds most prolific maternal lines into our herd and we were fortunate to add STCC/HILB Ms Amen 9015 to include the SS Babys Breath P035 line in our program. In fact she is a maternal sister to the 2022 Right By Design \$150,000 high selling heifer calf that was also sired by Point Proven! This bull has all the tools to move any program to the next level and we could not be prouder that he has our prefix on him.

This hoss of a breeding piece is impressive with his overall mass, neck extension, square build and sound base. A bull that has the growth and performance that any cattlemen can appreciate. He is attractive in his front one-third and carries plenty of base width on large bone size and has the rib shape to go with it. Double Oaked 307L is a solid and complete individual that gives you that eye catching profile. Rest assured with this calving ease sire as he is in the top 30% for both CE and BW.

A complete individual here that comes with plenty of power and balance. JEFF Night Rollin 308L comes with tremendous birth weight and calving ease EPDs that give you that extra assurance to turn him in with your heifers. This bull is truly built right from the ground up starting with superior hoof and leg structure to his broad and level hip. We admire this young man because he is smooth in his shoulders and true in his lines. He carries plenty of rib shape and dimension, as well as depth of body.

Hall MC Leverage L311 is the cowman's kind! This Ledger son is a true beef bull with tons of shape, a skeletal build built for the long haul, and he is a baldy to boot! His dam is an up and coming donor in the Hall Cattle Co and Lazy H programs and this impressive specimen is just scratching the surface in terms of what we think she can do. Regardless if you are a commercial man wanting to add value to your feeder cattle or a seedstock producer wanting to take your natural service calves to another level, L311 is your ticket to profitable progeny!

A direct son of Remedy out of our lead donor SFI Miss Crowd Favorite G7, the lead female in the 2020 Schaake Farms Denver Champion Pen of 3 Purebred Females. This bull is as unique as you can make one in terms of his ability to combine incredible presence while not sacrificing muscle and wrapping it up in a flexible, sound and good footed package. Turn him out on Simmental cows to make high quality purebred livestock or on a set of commercial cows to add pounds to your weaning weights. He has the ability to do both.

Stunner since birth! "1 Nation" under God hit the ground and has been the man of the pen ever since. He hits you with all the right pieces to make marketable cattle no matter the arena he plays in. I love this bull for his power, rib shape and structural integrity all while maintaining that neat and attractive front end. By the way he is backed by some potent genetics too! Out of the great Follow Me Angus bull from the JS/Minnaert line up and his mother is an own daughter of the great Diamond W516 of the Jones Show Cattle program. This guy is a can't miss cow changer!

Watch the Sale on CCI.live!

The best, the fastest and most comprehensive marketing & bidding tool!

How to Bid Online...

- As a buyer, you DO NOT need to login to watch the sale but you must have a validated account to bid.
- To BID ONLINE go to www.CCI.live in your Chrome, Firefox, Safari or other modern browser:
 - 1) Click on the sale schedule page.
 - 2) Click on the sale of interest.
 - 3) Click on Bid Online- Register and then Get Buyer Number
- After you are logged in, you must proceed to the sale page for your auction and click Bid Online - Register, then "Get Buyer Number." Some auctions require valid credit card number on file to obtain a buyer number to bid.
 - CCI.live will operate with ease on a modern cellular device, laptop, desktop or tablet.
 - A current browser is important and will always make your experience better.
- For successful bidding you must have good Internet service! It is very important to be stationary if bidding. If you are driving and bidding, expect to have some service issues. If you are stationary on a good device, with healthy Internet, expect a very successful bidding environment. If you have slow Internet watch the "asking price" on the screen, it is real time, and refresh your browser if you feel like you have some lag.
- Support line open during all sales. TEXT 405-400-9505 - Please alert the ranch for your hauling preferences.

JUNIOR SALE CREDIT GIVEAWAY AT THE OHIO BEEF EXPO

The Ohio Simmental Association board will hold a drawing at the Ohio Beef Expo to win a \$250 credit towards a heifer at the 2025 sale. After getting your buyers number visit the OSA display table and sign-up to enter. If you are unable to attend the sale and will be purchasing online or through a consultant, you must contact one of the sale representatives to have your name entered in the drawing.

Giveaway Details:

- Two - \$250 winners will be drawn
- Heifer must be transferred to a junior and transfer info must be given at check out to receive credit (from any state).
- Only good on the purchase of a female. (Anything eligible for AJSA Junior Nationals)
- Winners will be drawn at the beginning of the sale (need not be present to win).

OHIO JUNIOR SIMMENTAL ASSOCIATION MEMORIAL DAY CLASSIC INCENTIVE PROGRAM

The Ohio Simmental Association board would like to encourage participation in the annual OJSA Memorial Day Classic.

Any junior purchasing a female at the 2024 Ohio Beef Expo Simmental Sale who exhibits the same female at the 2024 Memorial Day Classic Show will be eligible for a cash award.

The highest placing Purebred and Percentage heifers that were purchased from the 2024 Ohio Beef Expo will each receive a \$100 cash prize from the OSA.

If you have questions about either program please contact Pam Haley – 330.353.6072 or any of the OSA board members.

Cash for Juniors!
